OTHER IMPORTANT INFORMATION

Do you think there is a discrepancy between reading and writing abilities of the examinee in comparison with their ability of judgment?

YES

NO

If YES, please explain in detail why you think the examinee's disorders are related to reading and writing disorders.

According to your assessment, is there a discrepancy between reading and writing abilities of the examinee in comparison with their ability of judgment?

YES

NO

State any other information, such as the usual classroom methods used with the examinee as well as the adaptations allowed during tests at school. Furthermore, mention the existence of possible disorder of perception, attention and concentration, and every relevant emotional factor.

Signature of the psychologist/education and rehabilitation expert-speech therapist

(uppercase)

I verify that the above stated is accurate and that psychologist/education and rehabilitation expert-speech therapist established all the accomplishments.
